**Sphinx**  
TILES SINCE 1888

# Sphinx Belvédère

**‘Urban Designed’** tegelconcept in acht tijdloze kleuren, compleet met plinten, stroken en luxe mozaïeken. Universeel toepasbaar in woonkamers, keukens, badkamers en intensief te gebruiken projectmatige ruimtes. Alle uitvoeringen zijn gegerectificeerd (smalle voegen) en onderling modulair (met doorlopende voegen) te combineren. Alle BELVÉDÈRE uitvoeringen zijn vorstbestand en derhalve geschikt voor buitentoeepassingen, bijvoorbeeld t.b.v. een naadloze overgang van de woonkamer naar het buitenterras.

**Concept de carrelage ‘Urban Designed’** dans huit couleurs intemporelles, gamme complète avec plinthes, frises et mosaïques de luxe. Utilisation universelle dans les séjours, cuisines, salles de bain, ainsi que dans les locaux ciblés à usage intensifs. Toutes les qualités sont rectifiées (joints fines) et peuvent être combinées entre elles (avec des joints continus). Les carreaux sont entièrement résistants au gel et conviennent donc pour un usage extérieur, par exemple, pour assurer le passage en continu du salon à la terrasse.

**‘Urban Designed’** tile concept in eight timeless colours, complete with skirtings, stripes and luxurious mosaics. Universally applicable in living rooms, kitchens, bathrooms as well as intensively used non-residential areas, e.g. office developments, shopping centers, restaurants, car showrooms, hospitals etc. The tiles are rectified (small joints) and the various sizes can be modularly combined with each other (with continuous joints.) BELVÉDÈRE tiles are frost resistant, so also suitable for outside use, for example, for a seamless transition from living room to outdoor patio.

**‘Urban Designed’** Fliesenkonzept in acht zeitlosen Farbtönen, komplett mit Sockeln, Streifen und luxuriösen Mosaiken. Universall anwendbar in Wohnzimmern, Küchen, Badezimmern sowie in intensiv genutzten Projekträumen. Alle Ausführungen sind rektifiziert (schmale Fugen) und können modular (mit durchgehenden Fugen) miteinander kombiniert werden. Die Fliesen sind vollkommen frostbeständig und somit auch für Außenanwendungen geeignet, wie zum Beispiel für einen lückenlosen Übergang vom Wohnzimmer zur Außenterrasse.
