## Perfekte afwerking met Naturel randprofielen

Om een mooie afsluiting van het tegelwerk te realiseren biedt Sphinx perfect bij het tegelwerk passende randprofielen. De profielen sluiten aan op het design van de tegel, zijn uitermate duurzaam en bieden naast het decoratieve effect ook een doeltreffende randbescherming, zodat de randen van tegels altijd goed zijn beschermd tegen beschadiging door mechanische invloeden. Het profiel kan ook worden gebruikt als vloerafsluiting of als traprand.
